

The Daughters of the Republic of Texas
Native Texan License Plate Grant Funding Request
DRT Committees & Chapters

Please read the following guidelines and ensure that you include all required documentation. Applications pending information will be kept on file for 90 days, and discarded if the requester does not provide the required information within that time frame. Requesters will be allowed to resubmit a request after they obtain the required data. Requests for funds for a project dependent on additional and/or matching funds may be given provisional approval with final approval and funding determined on a case by case basis. If funds are granted and/or held for a project and that project (or phase of the project) is not completed within 6 months of the decision, the requester should reapply to retain the funds for a longer period or return/release the funds back to the NTLF account. All requests should be sent to the DRT Treasurer General. All decisions will be made by the DRT Board of Management at their regularly scheduled meetings (September, November, February and May). For current BOM meeting dates and address of current Treasurer General, call DRT Headquarters at 512-339-1997.

Per the agreement between DRT and the State of Texas, NTLF funds are to be used “for the purpose of all aspects of preserving Texas historic sites or funding educational programs that teach Texas history, including but not limited to the maintenance and preservation of historic properties and furnishings as well as acquisition, maintenance, preservation and cataloging of historic documents and artifacts.” Requester will supply copies of paid receipts once the project is completed. This information must be supplied annually by DRT to the State. Completion of this form by the requester is verification that all the information is accurate and in compliance with the terms and conditions of the program.
